

IMC Club Meeting - Mastering the Art of Instrument Navigation

Through its nationwide chapters and in association with the EAA, IMC Club provides organized “hangar flying” focused on building proficiency in instrument flying. This is done in the belief that safety and proficiency are developed through education and experience. Monthly meetings use real-world scenarios to engage our members and allow them to share and build on their experience. You do not have to be instrument rated to attend. Membership in IMC Club is encouraged but not required. To attend this event, click the link below and register TODAY!

Directions: We will meet in the pilot lounge at Skyport Aviation. Fly-in aircraft parking available on ramp area.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
